

Kim Will Do Anything: Taboo Erotica

Though my TABOO stories are about pushing the limits and breaking all the rules, it seems there are just some guidelines that we all have to follow. Of course, when Amazon banned my original titles for being too hot and controversial, I wondered if I could simply seduce my way out of trouble *like most of my characters do! But alas, I have been forced to submit to their authority (some of my characters like that too!) and provide only very vague titles and descriptions for you, the reader. Believe me, Kim Will Do Anything was not my first choice for this book. But dont worry! This erotic story still features all the good stuff inside naughty, kinky, forbidden relationships that explore the taboo of sexy characters who live and play together. Some readers may find this material offensive, so consider yourself warned... When kinky Kim gets caught with her boyfriend crammed between her thighs, shes willing to do anything to keep from getting in trouble and it seems the man of the house cant pass up her tempting taboo offer. Soon, she is on her back again and his soft, velvety tongue is slowly teasing its way down her trembling body. Now, he is kissing her in places he shouldnt and Kim will do anything for just a little bit more. J.C.
