

Martin Luthers Christmas Book

Martin Luthers conception of the Nativity found expression in sermon, song, and art. This beautiful new gift edition of a classic collection combines all three. In thirty compelling Christmas excerpts from his sermons, Luther vividly portrays the human realism of the Nativity: Marys distress at giving birth with no midwife or water; Josephs misgivings; the Wise Mens perplexity; and Herods cunning. Throughout, Luther suggests the question: If we had lived in Bethlehem when Jesus was born, would we have believed that this newborn baby was God in human form? And he reminds us that keeping Christmas is a year-around mission of caring for those in need. Nine elegant illustrations by Luthers contemporaries-including four by noted engraver Albrecht Durer-capture timeless scenes from the Christmas story. And two of Luthers beautiful Christmas carols are included on the final pages of the book.
